

## CBSC Swimming Program 2021

The CBSC Swim Program has a fantastic group of coaches this year who are looking forward to working with you and your family! Our swim program offers a wide variety of programs for children of all ages. All of our staff have received both Red Cross and Crescent Beach specific training, and are experienced in their areas of work.

In light of Covid-19, the Swim Program has been adapted to meet Provincial and Federal guidelines, following the guidance of leading associations such as SwimBC, the Lifesaving Society, BCSSA, WaterPoloBC, VolleyballBC and TriathlonBC. A full-time Covid-19 Compliance Officer will be onsite, who is responsible for sanitizing frequently touched areas and monitoring Covid policy compliance at all times.

Modifications are being made to keep our Programs running in a safe manner.

- Additional training and orientation for coaches on Covid19 safe practices and guidelines and CBSC has a plan to implement public health guidance.
- Additional Lifeguards on duty.
- Maintenance of records to support public health efforts for contact tracing.
- Water Fountain is closed (please bring your own filled water bottle).
- Screening by self or asking common questions to ensure coaches and participants do not have Covid-19 symptoms.
- Separate entrance and exit to the compound.
- Hands to be sanitized upon entry and exit of the compound. Hand sanitizer will be available for members.
- Change rooms are closed. Please arrive showered and ready to swim. Shower after swim lessons at home.
- All swim lanes with be double lanes for lessons.
- Lifeguards and Coaches will have personal protective equipment readily accessible in emergency situations.
- Each area of the pool has a maximum capacity allowed. In the case of high demand during a family swim session, lifeguards may ask participants to take turns swimming in the little pool. Thank you for your understanding and cooperation.
